WORK EXPERIENCE

Infosys

Senior Systems Engineer

04/2019 – Present

Associate Application Developer (Java) in Healthcare Domain

- Handled user stories as a part of the development team, participated in sprint planning, created iteration plans and team PI objectives.
- Worked in direct collaboration with Product Owner to create and refine user stories /acceptance criteria for the product. Conducted research, and contributed to design, prototyping and exploration of upcoming user stories.
- Estimated the size of backlog items and translated backlog items into logical units of work (tasks).
- Also handled end to end automation and unit testing of the product developed.
- Actively involved in the code review panel in tandem with regular responsibilities ensuring code quality as per acceptance criteria.
- Worked on internal projects/POC's based on JavaScript,Angular 9 and Spring Boot.

Infosys

Systems Engineer

12/2017 – 03/2019

Application Developer (Java) in Insurance Domain(6 months)

- Trained in python programming, RDBMS as well as Object Oriented Enterprise Applications using JAVA, Servlets and JSP,Hibernate, HTML, CSS and Angular JS
- Part of a short term project which used MDBs to read the incoming messages from JMS queues/Topics and persist the same in DynamoDB and Amazon S3.
- Worked in a Java code stack as part of the project, hosted in Bitbucket code repository
- Built, deployed and tested the same in various environments using Jenkins.

EDUCATION

Electrical and Electronics Engineering

SRM University,Chennai

07/2013 – 05/2017

GPA-8.4

SKILLS

J2EE

Angular 9

JavaScript

Agile

Spring/Spring Boot

Hibernate

Git

RESTful Web Services

HTML5, CSS3

Node.js

Liquibase

Python

Bitbucket, TFS, Github

Eclipse,VS Code

Jenkins

ACHIEVEMENTS

Part of a POC, subsequently accepted in production and well appreciated by client. (04/2019 – 03/2020)

Transitioned an existing feature from using file system and MBD's to a Spring Boot application,using Hibernate and REST web services. Used Liquibase for database version control with abstraction in Java for interacting with database.

Proposed and developed an user interface with Angular 9 for the above mentioned application. (01/2020 – 02/2020)

Developed an SPA using Angular 9 which benefited the testing team to carry out the testing of the major processes in our application.

PERSONAL PROJECTS

Recipe Management Application using Angular 9 and Firebase. (12/2109 – 02/2020)

A Budget Tracker Application using vanilla JavaScript. (01/2020 – 02/2020)

Recipe Ingredient Management and Shopping Application using JavaScript ES6, NPM, Babel and Webpack. (04/2019 – 12/2029)

CERTIFICATES

Infosys Certified Agile Developer. (05/2018)

JavaScript:Building Real World Projects from Udemy. (08/2019)

Angular 9: Building Reactive Web Apps from Udemy. (12/2019)

Spring MVC ,Spring Boot and Hibernate from Udemy (05/2019)
